Specialty dining service charge	-	-	\$120
TOTAL ADD-ONS	\$1,763	\$2,137	\$1,218.86

Method: Adjusted cruise price = CruisePlum displayed total minus estimated daily crew gratuities, which CruisePlum included in its quoted prices. Estimated total = adjusted cruise price + estimated add-ons. This is a comparison calculation, not a newly quoted cruise fare.

Pricing evidence: Royal Caribbean and Celebrity extras are low-end advance-purchase estimates, not sailing-specific checkout prices. Norwegian estimates reflect the Jan 31 Norwegian Aqua booking: \$699.86 Free at Sea Plus, \$399 open-bar service charge and \$120 specialty dining service charge. The same amounts were applied to the other Aqua dates as planning estimates.

Actual booking cross-check: Norwegian Aqua Jan 31 estimated total \$4,296.86; actual booking \$4,336.86. The \$40 difference was a cabin-selection upcharge, not an omitted service fee.

Limits: Fares and package rates may change. Port lists were carried forward from the earlier comparison and should be verified by sailing. The standardized packages are similar, not identical. Airfare, transfers, excursions, insurance and other purchases are excluded. All fares are for two passengers.
